Cs130 Alternator Wiring Diagram

Click on thumbnail to see larger picture. In 1986 GM introduced the completely new, 105-amp, CS130 Delcotron alternator (CS130 = Charging System with 130mm diameter stator) because the SI alternators could not keep up with the increased electrical demand and because overdrive transmissions were lowering engine and alternator rpms.

NovaResource - SI to CS Alternator Conversion

Hello guys/gals. I am a long time lurker and recently decided to sign up. I really respect your ideas and thoughts that I have been reading, therefore I decided to ask a question I just can't figure out. I am installing a stock LT4 into my 73 camaro, this is the alternator that came with the engine 15112 I am about 90% sure it came with this plug 15111 I can not for the life of me figure out ...

Need wiring a CS144 alternator help - pro-touring.com

I tripped on this the other day. This is a screen cap from a larger install document I found on the GMPP site. It is how GM Performance Parts says to wire the CS130 that comes with the serp setup they sell.

Upgrading to internal regulated alternator | NastyZ28.com

Operation. The next time some long-haired, sandal-wearing, tree-hugging, peace-loving, soap-dodging, Prius driver looks over at your truck with it's massive array of off-road lights, pumping stereo, and 15,000 lb winch and gives you that supercilious, holier-than-thou sneer that they seem to be so expert at (it must be explained in the Prius owner's manual / book of hypocrisy) - feel free to ...
