### **Daoc Hunter Spec**

PvE: Suppression at level is the main recommended spec for leveling. There is only a single BD pet that is implemented on Uthgard. This spec primarily levels based on a DOT to pull and insta lifetapping while meeleing a mob to death with your staff and your pet.

just curious (I want to try a bd but dont know much about the class), why not 47 supp / 25 dark and 8 in army to get a little better dex/quick buff for pet and not lose any spells in dark.....or do you want to use the dark baseline nuke at distance and the 1 extra point in darkness for less variance outweighs the few extra points in dex/quick for pet?

15str / 10dex if you want to go blades or blunt, 10 str/dex/qui if you want to go pierce. If you are planning to spec neither shield nor pierce, drop the dex and go 15str/10qui.
