### **Devising Theatre A Practical And**

Devised theatre - frequently called collective creation - is a method of theatre-making in which the script or (if it is a predominantly physical work) performance score originates from collaborative, often improvisatory work by a performing ensemble. The ensemble is typically made up of actors, but other categories of theatre practitioner may also be central to this process of generative ...

Physical theatre is a genre of theatrical performance that encompasses storytelling primarily through physical movement. Although several performance theatre disciplines are often described as "physical theatre," the genre's characteristic aspect is a reliance on the performers' physical motion rather than, or combined with, text to convey storytelling.
