Global Health Governance Crisis Institutions

Global governance or world governance is a movement towards political cooperation among transnational actors, aimed at negotiating responses to problems that affect more than one state or region. Institutions of global governance—the United Nations, the International Criminal Court, the World Bank, etc.—tend to have limited or demarcated power to enforce compliance.

Global governance - Wikipedia

Global health is at the threshold of a new era. Few times in history has the world faced challenges as complex as those now posed by a trio of threats: first, the unfinished agenda of infections ...

The global food crisis that made headlines in 2008 had been simmering for a while. The rise in food prices, affecting the poorest the most, had a variety of causes, mostly man-made. It is common to attribute causes to things like overpopulation but that seems to miss the real causes.

Global Food Crisis 2008 — Global Issues

Environmental governance is a concept in political ecology and environmental policy that advocates sustainability (sustainable development) as the supreme consideration for managing all human activities—political, social and economic. Governance includes government, business and civil society, and emphasizes whole system management. To capture this diverse range of elements, environmental ...

Democratic governance and human rights are critical components of sustainable development and lasting peace. Countries that have ineffective government institutions, rampant corruption and weak rule of law have a 30-to-45 percent higher risk of civil war and higher risk of extreme criminal violence than other developing countries.

With 189 member countries, staff from more than 170 countries, and offices in over 130 locations, the World Bank Group is a unique global partnership: five institutions working for sustainable solutions that reduce poverty and build shared prosperity in developing countries.

Governance Overview - worldbank.org

Corruption. It is an overloaded word often used as the sole cause of the problems in poor countries. Yet, corruption seems to be everywhere, indeed often encouraged by rich countries and their corporations, especially when it comes to natural resources, and arms trade.

Corruption — Global Issues

We support the peaceful resolution of conflicts, promote the rule of law and access to justice, citizen security and human rights. We assist governments in strengthening their public institutions, help countries reduce corruption and support inclusive participation to ensure that no one is left behind.
