The PureH2O PH21510 is the compatible replacement refrigerator water filter for the Maytag UKF7003. This coconut carbon media filter is a workhorse when it comes to removing and/or reducing chlorine taste, odor and other possible harmful particles that could contaminate your drinking water.

PureH2O PH21510 Replacement for Maytag UKF7003 Sale \$17.60

My Maytag Neptune is leaking from underneath. I see water on the floor, probably less than a quart of water. It - Answered by a verified Appliance Technician
