### **The Dark Servant Collection 1**

This is the first four books in The Dark Servant series. S'Rak is sent on a mission to save the Prince in the land of light. He is from the dark and looked down upon but he knows he must complete his mission or war will be enjoyed these books. I had definite opinions about the characters.

THE DARK SERVANT by Matt Manochio showed up on one of my email subscription lists and I was intrigued enough by the blurb to give it a go. Part thriller, part horror story, part YA novel, THE DARK SERVANT has Krampus showing up in modern day New Jersey and snatching several high school kids with bad attitudes.

**Rasputin: Dark Servant of Destiny (1996) - Legendado [PT/BR]**

The Dark Servant is an engrossing read. You quickly empathize with the characters, especially Billy and his (wish she was my girl) friend, Maria. They gather the facts and surmise Krampus's identity before anyone else, and struggle with the realization that they are dealing with a supernatural monster.
